USA Wrestling Copper Level Certification

A step by step guide to purchasing the online course: Coaching Youth Wrestling, 3rd Edition

Thank you for volunteering your time to be a coach. Youth coaches play an important role in providing a positive sport experience for our kids. We feel there is no one single action that can have more of a positive impact on our wrestlers than improving the quality and knowledge of our coaches. Good luck with your season.

To begin the purchase process, please confirm that you are at the following link: http://www.asep.com/asep_content/org/USAW.cfm

The steps for gaining Copper Level certification are:

1) Establish an online profile with USAW and obtain your USAW membership ID;
2) pass the background check required by USAW;
3) purchase your USAW membership; and
4) purchase and pass the USAW Copper Level Coaching Youth Wrestling online course offered through this page.

Please note: The process for becoming a USAW member can take up to two weeks. Be sure to secure your membership well in advance of the time you plan to take the online course for certification. Coaches who are not USAW members and who wait until the last minute (for example, they have a weekend tournament coming up in a day or two) to obtain their certification will likely find themselves ineligible to coach at that event.

If you've completed steps 1-3 above, you are ready to register for the course.

After you have selected the course, you will need to register with the website by clicking on Sign In at the top of the next page:

You will then be asked to create an ASEP ID number. This number will be used to track your certification. The ASEP ID number is different from your USAW membership ID number.

The next page will ask if you want to use your Social Security Number or have the system create an ASEP ID number. (Human Kinetics has many courses used by college instructors who prefer to have students use their SS# to identify themselves. However, we suggest that you choose to have the system create your ID number:
The next page will ask if you want to opt out of being listed in the National Coaches Registry. **Do not opt out.** USA Wrestling receives reports to confirm coaches who are certified; these reports are directly tied to the Registry. Hit the **Continue** button:

If you have misplaced or forgotten your ID number, or if you feel your ID number is being denied in error, you will need to contact USAW directly:
